COMP 2015 – Lab 5

Due at the beginning of Lesson 6 to the Dropbox > 'Lab 5' folder on D2L (learn.bcit.ca)

Submission

Write **one .js file** named **firstname-lastname-lab5.js** and submit that file to the Lab 5 dropbox on D2L. For example, if your name is Chris Harris, your file must be called **chris-harris-lab5.js**

Instructions

Given the following JSON object:

```
var data = {

    "id": 1716,

    "date": "2018-04-30T23:31:36",

    "date_gmt": "2018-04-30T23:31:36",

    "guid": {

        "rendered": "http:\/\/localhost:8000\/?p=1716"

    }

}
```

In your firstname-lastname-lab5.js submission, write four console.log() statements that will print out the values of the **id**, **date**, **date_gmt** and **rendered** properties.
